Dear Chris,

It has been a real pleasure working with you for 20 years now. Where has the time gone? Skyline Sunrooms is truly one of the best patio cover companies in all of America. I have covered most of the United States in my 22 years with Amerimax. It is easy to say that you are in the top 10 nationwide as it comes to reliability, credibility, and just an honest way of doing business.

Your entire office staff is just a pleasure to work with from Lori, Carol Ann, Joe, and Darin. It is easy to understand why Skyline is so successful and has been for a long time. Skyline installers are meticulous and professional. I think that comes from your many years in the field as an installer. Skyline just does it the right way!

I feel myself privileged to have gotten to know you over the years as a supplier and I truly consider you a friend. If Amerimax has a new product or idea, you are one of the first that I call to see what you think of the proposal. Your opinion is invaluable to me. I know Chris will give me his honest opinion and will make the decision to move forward with the idea the right one.

Thank you again for all your business and your friendship!

Heath Morgan
