To Whom It May Concern,

It is a privilege to be able to write this letter of recommendation for Skyline Sunrooms. I have worked for a number of suppliers for Skyline Sunrooms for about twenty years now. I consider Chris and Lori Copeland, Joe Schwalbe, and the rest of the Skyline Sunrooms family personal friends. For the past seven years, I have been in the position of Territory Account Manager with Amerimax Exterior Home Products. We supply Alumawood patio covers, and the Equinox Louvered Roof to Skyline. In this capacity, I have been witness to a level of professionalism from Skyline that is rarely seen in this day and age. They are not the kind of company that will cut corners in order to save a dollar. They are more interested in creating safe, structurally sound projects that will bring their customers many years of satisfaction. In the rare occasion that there is a situation, I have seen Skyline step up, and do what needs to be done to ensure their customers full satisfaction. It is with the utmost confidence that I recommend Skyline Sunrooms for any project that you may be considering them for. Rest assured, you will be happy with their installer's incredible craftsmanship, and their superb customer service.

Thank you for your time,

Justin S. Brandon
